Summary Insight:

The site shows strong engagement with a 98.21% conversion rate and a low 28.5% bounce rate.

- Organic is the top traffic source (39.3%).
- Referral traffic performs best with the lowest bounce and highest conversion.
- Paid and Social have higher bounce rates.
- Returning visitors convert slightly better and stay longer.

Recommendation:

- Focus on growing referral and organic traffic.
- Improve Paid and Social campaigns...
